

## TOP TEN LIST OF BOOKS AS READ AND SELECTED BY GROUP

Following a request by the editor of "Third Age Matters" magazine, the group selected their Top Ten from books read by the group.

These were:

- The Legacy of Elizabeth Pringle by Kirsty Wark
- The Dry by Jane Harper
- A Man called Ove by Frederik Blackman
- His Bloody Project by Graeme Macrae Burnet
- A Month in the Country by J L Carr
- Schtum by Jem Lester
- Changed Times by Ethyl Smith
- The Bed I made by Lucie Whitehouse
- Elizabeth is Missing by Emma Healey
- Murderabilia by Craig Robertson

In 2020 Marion Brown (Facilitator of the Book Group) was approached by one of the editors of the Third Age Matters Magazine. They were planning to start a new feature of book reviews submitted by U3A Book Groups and asked whether Biggar would be interested in contributing to this? Marion discussed this with the group and it was agreed that Lydia Black, Marion Brown, Aileen Edgell, Rose Rose and Linda Wardrop would write reviews of books that the group had read over the past couple of years.

These were published in issue 40/FEBRUARY 2020, under the heading of 'Reviews by Biggar and District U3A Book Group.' So well done to the Book Group for being the first to contribute to this new feature in the magazine and for putting Biggar U3a on the national stage.
